

ACEC **RT**® | Retirement Trust

A retirement plan for engineers...by engineers.

“

Looking at all the Trust had to offer . . . we felt the benefits to our firm and our employees were simply too great to ignore.

”

Terry F. Neimeyer
CEO of KCI Technologies, Inc.

► **ACEC RT**
provides a full
spectrum of
investment options
and retirement
plan services for
ACEC members.

“Over 200 firms and 13,000 participants take part in all the **Trust** has to offer.”

Keith Swaffar, ACEC RT Chairman

By taking advantage of the cost savings that result from our economies of scale, we can offer ACEC members savings on administrative fees, lower investment fees and expanded protection within the guidelines of ERISA.

We provide our members with flexible retirement options and the ability to make adjustments along way. We can analyze your current program and customize a program to fit your specific needs with features like Safe Harbor, Tiered Profit Sharing and Roth 401k. We offer employee education, proactive plan design and a diversified competitive cost investment line-up with fund families such as Allianz, American Funds, Columbia Funds, INVESO, PIMCO, Vanguard, and more.

CAPTRUST Investment advises on the selection of a group of well diversified and robust investment options. They provide detailed quantitative and qualitative analysis and establish prudent process for investment selection and education.

ERISA counsel is provided by **K&L Gates**, where the talents of skilled class action litigators and trial lawyers, combine substantive knowledge of employee benefits law and the overlapping fields of labor, employment, securities, healthcare, and insurance law.
